**State Missions Goal: \$2000.00**  
**Received to Date: \$210.00**  
**Needed: 1790.00**

**DISCIPLESHP**

Our friends Rick & Jayne Brekelbaum have watched a local pair of eagles raise their young year after year. Rick said, I have seen the parent eagles spread their wings in two ways to help the young eagles fly. First, the parent will fly just below while the young eagle "drafts" behind it. The wind from the eagle's wings helps lift it up. At other times the parent eagle flies just above the eaglet, giving it an example of how to soar and drawing it into larger and larger circles.

What a beautiful example of how God spreads His broad wings and takes us where He wants us to go!

The point of Deuteronomy 32:11-12 is that God thrust the people of Israel again and again into situations that required them to risk by faith. He taught them how to trust Him, and He took them out of Egypt on His wings. An eagle's first authentic flight is an unparalleled experience. After their first landing, some eaglets stand still in shock, sometimes not moving for twenty-four hours. They are dumbfounded at the new environment—after all, they've never seen anything outside their nest.

You, too, will probably experience surprise when you try your wings for the first time. You will be amazed at where God takes you! If you have already taken that first flight, you will agree that the end result of following God is priceless, but the path to successful soaring is rarely painless or flawless. As you begin to fly for the first time or begin a new adventure of faith, you will likely experience frustrations and a feeling of inability, but God will patiently develop your faith to match His supply

**GOD IS AND ALL IS WELL!**

**Pastor Ponderings. . .**

**A World of Change**

*Jesus Christ is the same yesterday and today and forever. Hebrews 13:8*

We all have noticed how much our world has changed over the past 50 years and continues changing. Here's what I mean: On the highway, the speed limit used to be a standard 55 miles per hour. Today, you'll find places with limits of 80 miles per hour or more.

Not only that, but look at the number of options we have today. When I was growing up, we had two channels we could watch on television. Today, we can turn to hundreds of channels without finding a single thing worth watching!

But all change can really be placed in two categories: progress or decay. Change is either for the better or for the worse. So in our ever-changing society, strive for and support the changes that are beneficial, but remember the things that are made better by being a catalyst for our never-changing God!

**CHANGE IS ALWAYS GOING TO HAPPEN. SO BE A CATALYST FOR A CHANGELESS CHRIST WHO CHANGES LIVES!**

Bro. Larry

**Young at Heart**

Monday, July 28th  
6:00pm

**Children Going to Aquarius Pool**  
Tuesday, July 29th, 6:00pm
